Delivery and Orientation Checklist

Ask for a demonstration, then practice under supervision. Mark an item complete only when you understand it; mark equipment not fitted as N/A.

RV and delivery date

_____

Demonstrate and locate

- ☐ Weight labels, vehicle dimensions, manuals, keys, and service contacts.
- ☐ Electrical connection and disconnection, breakers, fuses, and battery controls.
- ☐ Fresh-water filling, city-water mode, pump, valves, and water-heater preparation.
- ☐ Waste outlets and valves, including drinking-water versus tank-flush connections.
- ☐ Propane controls, alarms, emergency exits, and fire extinguisher.
- ☐ Slides, leveling equipment, stabilizers, and awning in the required sequence.
- ☐ Hitching, braking, lights, breakaway equipment, and towing checks, if applicable.
- ☐ Departure checks, equipment travel positions, and normal shutdown procedures.

Complete the handover

- ☐ Agreed work has been demonstrated or documented before acceptance.
- ☐ We have receipts, warranty information, and any remaining written commitments.
- ☐ We know whom to contact and where to find the actual equipment instructions.

Items needing another demonstration or resolution

_____

_____

Responsible contact and agreed follow-up date

_____

Orientation does not replace inspection. Record demonstrations only with permission, and follow the manuals for your installed equipment.
