Final Fit Scorecard

WC-13 | Chapter 6 | Both | Version 1.0

Compare the fit after checking the details. Score each area 0 for unresolved, 1 for workable with changes, or 2 for a good fit. Use evidence, not the total alone.

Write in the spaces or click a blank field to type in Word.

Offer or candidate	Reviewer and date

Item	Score and supporting evidence
Actual job	
Total deal	
Site and living conditions	
Route and travel timing	
Written terms	

Five private questions for each adult

Item	Individual answer
Do we both want the actual jobs?	
Can each of us manage the schedule and physical work?	
Does the deal support the season we want?	
What concern have I not said aloud?	
If nothing changes, would I still say yes?	

Total out of 10, unresolved condition, and proceed or pause decision

---

A total is a comparison aid. Do not use it to override safety concerns or red flags. Owners should evaluate each candidate individually using OM-05.
